

*ROLF and 'friend'*

*THIS is a letter of complaint about the lack of coverage of decent music in your paper. I'm referring to the fact that you never do an article on Rolf Harris. Didn't you see him on Parkinson last week? Man, what a star! What a performer! And he can sing, dance, compose, paint and play the most amazing how instruments — like wobbleboards, cardboard-boxes, drain pipes, a pound of bacon, etc. How many people do you know that can play 'Land of Hope and Glory' on a pound of bacon and two mangoes? Only one — and that's Rolf.*

*So all you punks, mods, hippies (etc.) out there — leave your life of vice and join Rolf. 'Cos Rolf is where it's at, man! Rolf is the original rebel! Rolf is the real thing!*

*Rolf is the star of the Sixties, Seventies, Eighties even! Rolf lives OK. — Rolf Harris, bacon, and Shachihata fan — Manchester*
